IMPRESSIONS

IDENTIUM® – THE UNIQUE MATERIAL COMBINATION!

VINYLSILOXANETHER® FOR PRECISION IMPRESSIONS

POLYETHER

- Outstanding flowability
- Good hydrophilicity
- Long working time

A-SILICONE

- Optimal recovery after deformation
- Easy removal from the mouth and model
- Neutral smell and taste

THE BEST OF BOTH WORLDS

KETTENBACHDENTAL
Simply intelligent

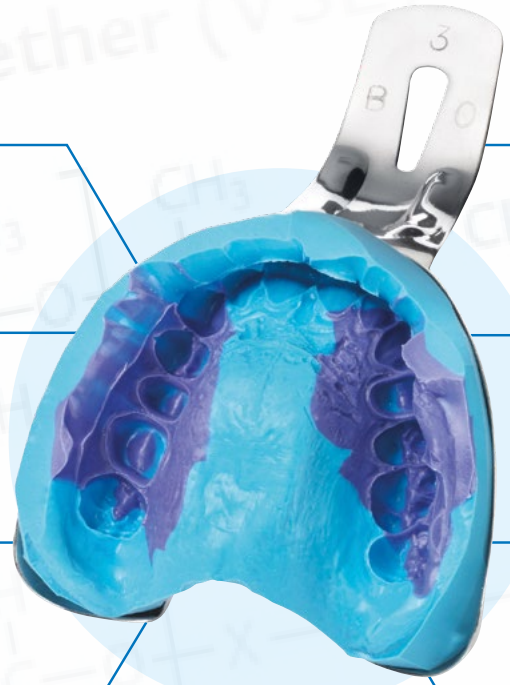

IDENTIUM® WITH VINYLSILOXANETHER®

Perfect flow
even in the presence of residual moisture

Double-snap effect
Long working time with noticeable viscosity snap

Short setting times, regular (4:30 min.) and **fast** (3:30 min.)

High elasticity for easy removal from the mouth

Odorless and tasteless material
reduces retching and vomiting reflex

Stable light-body material

Compatible with all common mixing devices

Immediately pourable

IDENTIUM® – READY FOR PRACTICAL TESTING
