SHADE MATCHING MADE EASY

WITH **VISALYS® FILL** & **VISALYS® FLOW**

NEW

KETTENBACHDENTAL

Simply intelligent

SHADE MATCHING MADE EASY DUE TO THE **FLEX SHADE SYSTEM**

FLEX SHADE SYSTEM

Find the right shade with support of the Flex Shade System

The “Flex Shade System”, with its chameleon effect and just **five shades (A1-A4)**, covers the entire VITA classical A1-D4 shade scale.

Here you will find the main colors and the additional Vita colors covered.¹⁾

The **Bleach shade** is also available for particularly bright teeth, as well as an **OA2 opaque shade** to **conceal** discolored substrates.

*Occlusal fillings in artificial teeth, with Visalys® Fill to demonstrate the consistency of the Flex Shade System
